Selection of vineyards for their soil, climate and orientation, which determines its own identity and differentiates from other wines. With a clean and bright color, it is a wine that draws intense cherry red colors and very marked violet tones derived from the contribution of the Syrah grape.

Tasty wine, with a very good structure and an intense and deep flavor of fruit. It has a very expressive and lively nose in which fruity and violet aromas stand out.

Made as a young wine, under strict quality controls that allow us to concentrate all the virtues of our grapes in our wine.
